JOHN LAKIN'S DEED, 1653.

Communicated by the Hon. SAMUEL A. GREEN, M.D., of Boston.

THE following deed by indenture, once belonging to John Lakin, of Groton, was found several years ago among some old papers in that town. In early times deeds were often given in this form, as there was then no general system of public registration. Lakin was a native of England, who came to this country with his elder brother William, his mother, and his grandfather Lakin. The family settled first at Reading, where the name was sometimes spelled Laukin; and a few years later they were all living at Groton. In the spring of 1655 the two brothers were petitioners for the Groton Plantation, and both were original proprietors of the town, each owning a twenty-acre right. Their names are given in the fac-simile copy of the petition, printed in the REGISTER (xxxvi. 23) for January, 1882, where it is stated that the signatures appended to the document vary in the style of hand-writing, though they do not appear to be autographs, and may have been written by the same person. From the resemblance between Lakin's signature to this deed and several of the signatures to the petition, I am inclined to think that he wrote some of the names on that paper; and perhaps William Martin, who heads the list of signers, wrote others.

John Lakin married Mary, daughter of Michael Bacon, as appears from a communication in the REGISTER (xli. 262) for July, 1887; and George Polle (or Polly) married Elizabeth, daughter of Edward Winn, as appears from Sewall's History of Woburn (page 630); and these facts will account for their witnessing the deed.

The following is a copy of the instrument, line for line, with a facsimile of the two signatures in exact size:—
